

Consultation Paper No. 35/2011-12

Airports Economic Regulatory Authority of India

**Annual Tariff Proposal for FY 2011-12 submitted
by M/s. Kerala State Industrial Enterprises Ltd.
for Cargo Services at Kozhikode Airport, Calicut,
w.e.f. 01.01.2012.**

New Delhi: 24th January, 2012

**AERA Building
Administrative Complex
Safdarjung Airport
New Delhi – 110 003**

Kerala State Industrial Enterprises Limited (KSIEL), have vide letter no. ACC/60(1)/1082 dated 11.11.2011 **(Annexure -I)**, submitted the Annual Tariff Proposal (ATP) in the matter of the cargo facility at Kozhikode Airport, Calicut, in respect of the 1st Control Period of 5 years starting w.e.f. 01.04.2011. This is in **pursuance to the Authority's Multi Year Tariff Order (MYTO) issued vide Order No. 3/2011-12 dated 26.07.2011.**

2.1 The Authority had, in its Order no. 03/2011-12, dated 26.07.2011 ordered that:

- (i) Services provided for the cargo facility by the Kerala State Industrial Enterprises Ltd, at Air Cargo Terminal, Kozhikode Airport, Calicut are **'not material'. Hence these shall be regulated under 'light touch'** approach during the first control period of 5 years commencing 01.04.2011.
- (ii) KSIEL may submit the ATP for the first tariff year of the first control period for the consideration of the Authority within a period of 75 days of the issue of this Order in accordance with the Guidelines.

2.2 In this connection, KSIEL had vide their letter dated 10.10.2011, submitted that the proposal required the approval of their Board of Directors and that, presently, the Board is not functional and they are awaiting Government Orders in the matter of reconstitution of the Board, including the nomination of Government Directors. In view of same, KSIEL requested extension of the time limit to submit their ATP by 15.11.2011.

2.3 The Authority considered the issue in its 56th Meeting held on 13.10.2011 and approved the extension of time for KSIEL for submitting their ATP in respect of its cargo services at Kozhikode Airport, Calicut. In line with the extension granted, KSIEL have submitted their ATP on 11.11.2011.

3. As per AI.8.2 of Appendix I, of the Airports Economic Regulatory Authority of India (Terms and Conditions for Determination of Tariff for Services Provided for Cargo Facility, Ground Handling, and Supply of Fuel to the Aircraft) Guidelines, 2011 (the Guidelines) for Regulated Services deemed either **“not material” or “material but competitive” or “material and not competitive” but where the Authority is assured of** the reasonableness of the existing User Agreement(s), the Service Provider(s) shall submit, for the consideration of the Authority, an ATP for review of Tariff(s) to be charged in the following Tariff Year in a Control Period, in the specified Form B and Form 14(b). The Tariff(s), as proposed by the Service Provider in the ATP, shall be on non-discriminatory basis with reference to conditions of Tariff(s), volume of the discount, rationale behind giving the discount and such other factors as may be relevant. The Guidelines also stipulate that the proposal shall be supported by details of consultation with stakeholders along with:

- (i) documented evidence that consultation with stakeholders have been undertaken;
- (ii) summary of concerns raised by the stakeholders;
- (iii) details of remedial action, if any, undertaken by the service provider, with reasons, in respect of the concerns so raised;

- (iv) reasons for not addressing the balance concerns. ”

4. In this connection KSIEL have submitted the following documents in support of the ATP.

- (i) Form B - undertaking for the ATP
- (ii) Minutes of stakeholder consultation meeting held on 21.10.2011 attended by Cargo Agencies, AAI, Airlines and others.
- (iii) Summary of concerns expressed by stakeholder of Trivandrum and Calicut Air Cargo Complexes during the meeting of 21.10.2011
- (iv) Details of remedial action taken by KSIE on the concerns raised by the stakeholders
- (v) Form 14(b) – Annual Tariff Proposal to be effective from 01.01.2012.
- (vi) Comparison between the existing and the proposed tariff.

5.1 KSIEL have submitted that they have not entered into any written agreement with the users and have further certified that the tariff proposal is on non-discriminating basis with reference to condition of tariff and there are no discounts (other than volume based tariffs).

5.2 The Minutes of the stakeholder consultation meeting held by KSIEL on 21.10.2011, has been annexed with this Consultation Paper for stakeholders to comment on the proposal.

6. The minutes of the stakeholder consultation meeting reveal the following:

- (i) KSIEL have stated that their costs have gone up manifold during the last two three years consequent on increasing the infrastructure facilities at both the cargo complexes (Thiruananthapuram and Calicut), relocation of export terminal to Chackai at Trivandrum along with the NITB operations of AAI, to meet the additional cost of CISF security coverage under Custom Cargo Service Provider Regulations 2009, thus ensuring that the tariff revision has become highly essential for viable operations.
- (ii) Further, from the minutes of the stakeholder consultation, it is also noted that there was a desire from the stakeholders to know as to what would be the range of tariff revision going to be implemented. KSIE have clarified that exact revision will be based on the guidelines/ orders to be **issued by AERA. The Company's expectation is that 34-40 % hike in tariff will be allowed by AERA in view of the exigencies now faced by the Company.**

7. The Authority carefully considered the proposal submitted by KSIEL and decided to make the following proposal for stakeholder consultation

- (i) The charges proposed by KSIEL, as at **Annexure – II**, may be approved w.e.f. 01.01.2012 or such other prospective date as the Authority may finally decide.

8. In accordance with the provisions of Section 13(4) of the AERA Act, the proposal contained in para 7 above is hereby put forth for stakeholder consultation. To assist the stakeholders in making their submissions in a meaningful and constructive manner, necessary documents are enclosed. For removal of doubts, it is clarified that the contents of this Consultation Paper may not be construed as any Order or Direction of this Authority. The Authority shall pass an Order, in the matter, only after considering the submissions of the stakeholders in response hereto and by making such decision fully documented and explained in terms of the provisions of the Act.

9. The Authority welcomes written evidence-based feedback, comments and suggestions from stakeholders on the proposal made in para 7 above, latest by **07.02.2012** at the following address:

Minutes of the Stakeholder Consultation Meeting held on 21/10/2011 at 3.30 pm at TACT Conference Hall, Shanghumughom, Thiruvananthapuram in the matter of Multi Year Tariff Proposal (MYTP) submitted by KSIE Ltd to Airports Economic Regulatory Authority of India (AERA) for the services provided for Cargo Facility at the Air Cargo Complexes at Trivandrum and Calicut International Airports under KSIE Ltd.

Attendance – As per statement attached.

Shri K Radhakrishnan Nair, General Manager (Cargo), KSIE chaired the meeting.

Welcoming the participants GM (Cargo), KSIE briefly explained the circumstances under which this stakeholder consultation meeting was convened in connection with finalization of Annual Tariff Proposals (ATP) of the Trivandrum and Calicut Air Cargo Complexes to be submitted to AERA as per their guidelines. It was also explained that a revision of tariffs was overdue and the Company was about to revise the tariffs last year itself; but in the meantime the services provided for cargo facility came under the ambit of AERA and thus it became mandatory to get the approval of AERA for effecting any tariff revision. The Company has already submitted the Multi Year Tariff Proposals and the Authority had issued Multi Year Tariff Orders vide Order No.3/2011-12 and No.4/2011-12 dated 26/27th July, 2011 in respect of Calicut and Trivandrum Air Cargo Complexes respectively, ordering that these services shall be regulated under 'light touch' approach during the first control period of five years commencing 2011. Now, the Company is required to submit the Annual Tariff Proposals for the first Tariff Year of the first control period for the consideration of the authority on or before 15/11/2011. Thereafter, GM (Cargo), KSIE requested the Company's consultant Shri Suresh Mohan, Chartered Accountant to briefly explain the aims and objectives in the matter of finalization of Annual Tariff Proposal.

Shri Suresh Mohan, Chartered Accountant, briefly explained the regulatory powers of AERA pursuant to enactment of "The Airports Economic Regulatory Authority of India Act 2008". It was elaborated by him that the very purpose of these regulations is to avoid exploitation by any service provider. He also indicated about the various financial statements and other details to be furnished to AERA as per their guidelines for issuing appropriate orders to regulate the cargo service including tariff revision. The Consultant indicated that the costs of KSIE have gone up manifold during the last 2-3 years consequent on increasing the infrastructural facilities at both the Cargo Complexes, relocation of Export Terminal to Chackai at Trivandrum along with the NITB operations of AAI, to meet the obligations under Customs Cargo Service Provider Regulations 2009,

meeting the additional cost of CISF Security Coverage etc etc . Thus a tariff revision has become highly essential for ensuring a viable operation.

Initiating the discussions from the side of stakeholders Shri M Viswanathan, AGM (Fin.), AAI, Calicut Airport informed that at Calicut Airport KSIE is sharing 30% of the income generated from export operations with AAI and their demand for a share from import cargo operations has not been accepted so far. He stressed that since bulk of the income generated from Cargo operations is from handling import cargo operations, the AAI should also get a reasonable share as they are getting in other Airports by way of royalty or income sharing. He insisted that this aspect should be brought to the notice of the Authority by KSIE. In reply GM (Cargo) KSIE clarified that income sharing for export cargo operations was a policy decision taken at higher levels for utilizing the land/shed etc allowed to be used by KSIE at the AAI premises for handling export operations. Import cargo operations carried out at KSIE's own premises as the duly appointed Custodian of cargo cannot be equated with export operations carried out at AAI premises. AAI officials representing Trivandrum Airport Smt Taji E C, DGM (LM) and Shri M Basi Kumar, AGM (Fin.) informed that whatever arrangements are finally accepted for import / export cargo at Calicut, the same should be extended to Trivandrum also and this also should be minuted.

Shri Dil Koshy, Secretary, Agricultural Products and Processed Foods Exporters Association, Trivandrum indicated that KSIE is a profit making Company which has generated around Rs.600 lakhs profit during last year and there is no need for any tariff revision since surplus funds are generated at the current rates. He further explained that exports from Trivandrum and Calicut are highly perishable items having low commercial value and the profit generated out of export of such commodities is very low and hence this aspect should be kept in mind while effecting any revision. GM (Cargo), KSIE informed that the turnover of KSIE is not only from Cargo operations but from other operations also like trading, Kerala soaps etc. The Consultant, KSIE clarified that any business has to be viable and profit making for sustenance and it should not be a bar in the matter of periodical revision of rates as demanded by commercial interests. In any case, hereafter such revisions are going to be regulated by AERA.

Shri K Suresh Kumar, CEO, Classic Cargo Carriers representing Association of Custom House Agents Trivandrum (ACHAT) informed that KSIE should stress on providing value added service by marketing their potential for attracting more general cargo for export and import. He further informed that any proposed revision should not lead to deviation of existing business from Trivandrum Airport.

On behalf of the Airlines, S/Shri P K Jayaprakash, Air India, Gee Varghese, Kuwait Airways and Dinesh D Karan, Air Arabia highlighted the need for maintaining the existing pattern of low tariff for perishable items as otherwise the exporters may shift their operations to other ports. The freight charges applicable to Trivandrum and Calicut are high compared to Cochin and this aggravates the situation. Upon enquiry from GM

(Cargo) KSIE whether any possibility of bringing in any parity in the Air freight charges applicable at the Airports in Kerala, the airline representatives conveyed their helplessness being policy decisions taken at higher levels.

There was a desire from the stakeholders to know as to what would be the range of tariff revision going to be implemented. From KSIE's side it was clarified that exact revision will be based on the guidelines / orders to be issued by AERA. In any case the Company's expectation is that 30-40% hike in tariff will be allowed by AERA in view of the exigencies now faced by the Company.

Winding up the discussions GM (Cargo), KSIE informed that the views and the apprehensions of the stakeholders will be conveyed to AERA along with the ATP to be submitted. The meeting ended at 4.45pm with thanks to the Chair.

KERALA STATE INDUSTRIAL ENTERPRISES LTD
AERA STAKE HOLDER CONSULTATION MEETING DTED 21/10/2011

Attendance Sheet

[illegible]

Annexure 2

Summary of Concerns expressed by stake holders of Trivandrum and Calicut Air Cargo Complexes during the meeting of 21st October 2011 and through discussions.

1. Income sharing with Airport Authority of India for import Cargo at Kozhikode.
2. Income sharing for Export and Import cargo with AAI to be made applicable at Trivandrum also.
3. KSIE is a profit making company and hence no need of any tariff revisions.
4. Perishable commodities have low commercial value and hence a lower tariff to be made applicable.
5. Value added services to be provided.
6. Parity in airfreight charges at all Airports in Kerala.

Annexure 3

Details of remedial action taken by KSIE on the concerns raised by the stake holders.

Concerns raised by the stake holders	Remedial measures
Income sharing with Airport Authority of India for import Cargo at Kozhikode.	30% income sharing with AAI on export operations was agreed to for using their land and buildings. There is no such arrangement with AAI for import cargo handling at Calicut warranting income sharing. However, there is scope for joint operation and income sharing in courier cargo handling, which will be explored in consultation with Government.
Income sharing for Export and Import cargo with AAI to be made applicable at Trivandrum also.	On Export side, KSIE is paying lease amount for 4000 sq meter land leased out by AAI near the New Terminal at Trivandrum for setting up of export facilities. KSIE has incurred substantial expenses to create the facilities for export cargo handling on a war footing when operations commenced by AAI from the new Terminal on 1/3/2011. Further, KSIE as the Custodian is also required to meet unanticipated expenses to comply with Customs Cargo service Provider Regulations, CISF cost etc. KSIE is also paying gross turnover charges to AAI from the charges collected from the Airlines for transporting their cargo from New Terminal to Cargo Complex, within the Airport. Hence no scope for further income sharing from the existing operations. However, income sharing from other joint operations like courier handling etc is under consideration. Being policy matters, these will be finalized at Government level.
KSIE is a profit making company and hence no need of any tariff revisions.	Profits are used for meeting capital expenses and servicing of equity. Tariffs are now governed by AERA on the basis of return on investment.

- 2 -

Perishable commodities have low commercial value and hence a lower tariff to be made applicable.	This has been taken care of by KSIEL in the ATP.
Value added services to be provided.	KSIE will explore the possibilities.
Parity in airfreight charges at all Airports in Kerala.	This is a major problem faced by the Shippers at Trivandrum and Calicut Airports where the freight charges are on the higher side compared to Cochin sector. It is expected that with the intervention of authorities like AERA, DGCA etc there will be some solution for this disparity. KSIE's role is limited to highlighting this issue.
