**Consultation Paper No. 21/2013-14**

**Airports Economic Regulatory Authority of India**

**Annual Tariff Proposal for Third Tariff Year (2013-14)  
submitted by Celebi Delhi Cargo Terminal  
Management India Private Limited for providing  
Cargo Handling Services at Cargo Terminal, IGI  
Airport, New Delhi.**

**New Delhi: 9<sup>th</sup> October, 2013**

**AERA Building  
Administrative Complex  
Safdarjung Airport  
New Delhi – 110 003**

The Authority had considered the Multi Year Tariff Proposal (MYTP) submitted by M/s Celebi Delhi Cargo Terminal Management India Private Limited (Celebi) for the first control period commencing w.e.f. 01.04.2011, in respect of the tariff for the services provided for cargo handling services at IGI Airport, New Delhi. The Authority had, after due stakeholder Consultation, issued Multi Year Tariff Order (MYTO) No. 14/2011-12 dated 07.10.2011, ordering that the cargo handling service rendered by Celebi at IGI Airport, New Delhi, is “material but competitive” and hence the Authority will adopt “light touch approach” for determination of tariff for the first control period w.e.f. 01.04.2011. Thereafter, the Authority, vide Order No. 11/2012-13 dated 03.08.2012, determined the tariffs for the first and second tariff years of the first control period accordingly.

2. As per Clause 7.4 of the Authority’s Guidelines [Airports Economic Regulatory Authority of India (Terms and Conditions for Determination of Tariff for Services Provided for Cargo Facility, Ground Handling and Supply of fuel to the Aircraft) Guidelines, 2011], after issuance of the MYTO, the service provider shall submit to the Authority its ATP(s), provided that an ATP shall be submitted at least 75 days prior to the start of the Tariff Year. As per the clause 11.2 of the Guidelines, the ATP is required to be submitted in the form and manner as provided in Appendix AI.8.2 wherein it is mentioned that the ATP should be supported by:

- Form B and Form F14(b),
- Details of consultation with stakeholders
- Evidence of User Agreements clearly indicating the Tariff (s) proposed by the service Provider.

3.1 Celebi, vide its letter no. nil dated 15.01.2013, requested for extension of time for submission of ATP for third tariff year (2013-14) upto 30.04.2013. Celebi proposed to continue its existing tariff till the date their ATP for third tariff year (2013-14) is approved. The request of Celebi was accepted by the Authority. Celebi requested for further extension of time for submitting its ATP upto 31.05.2013 which was also accepted by the Authority. Further, vide Order No. 45/2012-13 dated 04.03.2013, the Authority decided that the tariffs as were determined for the second tariff year (2012-13) vide Order No. 11/2012-13 dated 03.08.2012 for cargo handling services rendered at IGI Airport, New Delhi, will remain valid till the final determination of tariff for the third tariff year of the first control period.

3.2 Celebi submitted its ATP for third tariff year (i.e. 2013-14), vide its submissions dated 08.08.2013 and 13.09.2013. Celebi has submitted the following:

- a) Form B, and Form 14(b) for third tariff year ( 2013-14)
- b) Copies of users consultation process with stakeholders viz. Air cargo Agents Association of India (ACAAI) and Delhi Customs Clearing Agents Association (DCCAA) regarding the proposed increase in tariff(s),
- c) Copies of users agreements with airlines (selected pages);

3.3 In support of the ATP for third tariff year, Celebi has submitted the copies of emails and other communications with Air cargo Agents Association of India (ACAAI) and Delhi Customs Clearing Agents Association (DCCAA). Celebi has also submitted the minutes of meeting of the user consultation held with ACAAI and DCCAA on the proposed tariff structure.

3.4 Regarding the user agreements, Celebi has submitted that it would continue to honour the existing long-term agreements which have been signed with various customers in the past and are valid for FY 2013-14. The existing tariffs and other terms

and conditions for such existing contracts would continue to remain valid for FY 2013-14 unless mutually agreed by Celebi and the customer to revise the same. Celebi has submitted extracts of certain user agreement(s) with airlines.

3.5 Celebi has submitted that the tariff(s) for the period w.e.f 01.04.2013 to 30.09.2013 will remain the same as were determined for the second tariff year (FY 2012-13) by the Authority. Celebi further submitted that the proposed tariffs for third tariff year is for six months only w.e.f. 01.10.2013 to 31.03.2014 and during this period it has proposed 8% revision in the charges.

4. The Authority has carefully considered the ATP for third tariff year submitted by Celebi and decided to make the following proposal for stakeholder consultation:

- (i) The Tariff(s), for the third tariff year of the first control period for Cargo Handling Services Provided by Celebi Delhi Cargo Terminal Management India Private Limited at IGI Airport, New Delhi, are proposed to be as at **Annexure - I**. The tariff (s) as proposed will be applicable from 01.10.2013 to 31.03.2014.
- (ii) Tariff proposed as above will be maximum and demurrage free period shall be as per Government orders issued from time to time.

5. In accordance with the provisions of Section 13(4) of the AERA Act, the proposal contained in para 4 above is hereby put forth for stakeholder consultation. To assist the stakeholders in making their submissions in a meaningful and constructive manner, necessary documents are enclosed at **Annexure-II**. For removal of doubts, it is clarified that the contents of this Consultation Paper may not be construed as any Order or Direction of this Authority. The Authority shall pass an Order, in the matter, only after considering the submissions of the stakeholders in response hereto and by making such decision fully documented and explained in terms of the provisions of the Act.

6. The Authority welcomes written evidence-based feedback, comments and suggestions from stakeholders on the proposal made in para 4 above, latest by **23.10.2013** at the following address:

## 1. Covering Letter

08 August 2013

**Capt. Kapil Chaudhary**  
**Secretary**  
 Airports Economic Regulatory Authority of India  
 AERA Building, Administrative Complex  
 Safdarjung Airport, New Delhi – 110003

Dear Madam,

### **Sub: Submission of Annual Tariff Proposal for FY 2013-2014 for Çelebi Delhi Cargo Terminal Management (I) Pvt Ltd**

- 1.1 As per directions in the Terms and Conditions for Determination of Tariff for Services Provided for Cargo Facility, Ground Handling and Supply of Fuel to the Aircraft Guidelines 2011 ('Guidelines') issued under Section 15 of The Airports Economic Regulatory Authority of India Act, 2008, we, Çelebi Delhi Cargo Terminal Management (I) Pvt. Ltd. ('Çelebi'), had submitted our Multi Year Tariff Proposal ('MYTP') for the control period starting 1 April 2011 and ending 31 March 2016 to AERA on 30 April 2011 for our cargo facility at the Indira Gandhi International Airport (IGIA), New Delhi.
- 1.2 AERA in its Order No. 14/2011-12 issued on 7 October 2011 in response to our MYTP decided to adopt a "light touch" approach for regulation of our services.
- 1.3 Çelebi, thereupon, submitted its Annual Tariff Proposal (ATP) for first tariff year (FY 2011-12) and second tariff year (FY 2012-13) of the control period for consideration of the Authority. The Authority vide Order no. 11/2012-13 issued on 03.08.2012, determined the tariffs, for first and second tariff years, for cargo handling services provided by Çelebi at IGI Airport.
- 1.4 For the third tariff year (FY 2013-14), Çelebi requested AERA to grant extension of time for submission of ATP. AERA, through its order no. 45/2012-13 issued on 4 March 2013 had kindly accepted the same and ordered that tariffs approved for 2012-13 would remain valid till final determination of tariffs for the third tariff year.
- 1.5 In accordance with Section 7.4 of the Guidelines, Çelebi is pleased to submit its Annual Tariff Proposal for the third tariff year, FY 2013-14, of the control period to the Authority along with this letter. Please find enclosed Form B and Form 14(b) prescribed in the Guidelines along with evidence of stakeholders' consultation.

- 1.6 Celebi would like to mention that the proposed revised charges are intended to come into effect only from 1 October 2013 till the period of 31 March 2014, and for the period 1 April 2013 to 30 September 2013, charges approved for FY 2012-13 are being and would continue to be levied
- 1.7 Celebi would like to bring to the Authority's attention that Celebi is fully committed to provide seamless experience to users of the cargo terminal. The modernization of the terminal is complete and Celebi has continued to introduce various improvements in infrastructure and operational processes including faster cargo processing, efficiency improvement, better service and status availability, reduction in cargo damage / pilferage, etc. All this is likely to result in significant time and cost savings for its customers. Some of the recent initiatives include:
- Installation of TLX machines
  - Start of export/import "expedited delivery"
  - New Pharma logistics centre
- 1.8 Due to the extensive renovations carried out at the terminal and large amount of investments incurred, major cost escalations have occurred. Celebi would also like to submit that by virtue of being a labour intensive service company, its cost of operation is heavily dependent on inflation which leads to a continuous hike in payroll expenses. Additionally, all operating costs, including electricity rates have increased sharply this year.
- 1.9 Contrary to expectations of growth, last two years in fact have seen falling cargo volumes at IGI airport (-5% for FY 11-12 and -4% for FY 12-13 over previous years, *Source: AAI*). In addition, recent weakening of rupee against dollar has negatively impacted imports in particular. Celebi has been extremely affected by the above developments.
- 1.10 Even for current financial year, the cargo volumes for April and May are 3% less than corresponding period of FY 2012-13 (*Source: AAI*). The global economic scenario still looks uncertain and an increase in the cargo volumes looks unlikely at least this year.
- 1.11 Celebi would like to submit to the Authority that taking all the above reasons into careful consideration, an increase in tariffs for various services being provided at the terminal becomes necessary. The proposed increase is 8% over previously approved tariffs for part of the services. But it must be realised that Celebi has proposed to absorb this burden for first half of the year and is proposing the increase only for second half of the year i.e. 1<sup>st</sup> Oct-31<sup>st</sup> March of FY 2013-14.
- 1.12 Celebi would like to point out that even assuming the revision for second half of FY 2013-14, the expected revenues are well below (about 30-35% lower) the Aggregate Revenue Requirement (ARR) for FY 2013-14 as per the earlier approved MYTP. Please refer to appended Form 14B for details.
- 1.13 Celebi has undertaken stakeholders' consultation process for the proposed tariffs for FY 2013-14 and has provided evidence of the same with this Annual Tariff Proposal for FY 2013-14. Celebi has made earnest efforts to address any concerns raised by the stakeholders and to provide just and fair rationale for any proposed revision in the tariffs.
- 1.14 Celebi would also like to highlight in this submission that it would continue to honour the existing long-term agreements which have been signed with various customers in

# CELEBI

the past and are valid for FY 2013-14. The existing tariffs and other terms and conditions for such existing contracts would continue to remain valid for FY 2013-14 unless mutually agreed by Celebi and the customer to revise the same.

1.15 We hope that AERA would accept and approve our tariffs proposed in this Annual Tariff Proposal for FY 2013 – 14.

Thanking you,

Yours sincerely,

For Celebi Delhi Cargo Terminal Management India Pvt Ltd

Date: 8<sup>th</sup> August 2013

<b>Meeting</b>	User Consultation & Interaction Meeting with ACAA I on Proposed Tariff Structure of Celebi Delhi Cargo Terminal Management India Pvt Ltd (:"Celebi")			
	<b>Date</b>	25 <sup>th</sup> June, 2013	<b>Place</b>	VC Room, First Floor, Import Building II, Celebi Delhi Cargo Terminal, IGI Airport, New Delhi
	Mr Sanjeev Sikka		Chairman, ACAA I – Northern Region	
<b>Attendants</b>	Mr S L Sharma		Vice President, ACAA I – Northern Region	
	Mr Mahesh Trikha		Hon. Secretary, ACAA I – Northern Region	
	Mr Vipin Vohra		Advisor, ACAA I – Northern Region	
	Mr Sunil Arora		Managing Committee Member, ACAA I – Northern Region	
	Mr Rajesh Goel		Chief Executive Officer, CELEBI	
	Mr Ashoke Guha		CFO, CELEBI	
	Mr Manoj Sharma		Head of Sales & Marketing, CELEBI	
	Mr Anup Nair		Sr Manager – Revenue Control & Process Development, CELEBI	
	Mr Raja Gupta		Sales & Marketing Analyst, CELEBI	

### Introduction

The meeting was held to discuss the proposed rate structure for cargo handling services provided by Celebi

Following are the points discussed during the meeting:

- 1) Celebi explained the basic purpose of the meeting and its plans to file with AERA, a proposed increase of 8% in cargo handling tariff with effect from 1<sup>st</sup> October 2013.
- 2) ACAA I questioned the logic behind Celebi's proposed increase of 8% to which Celebi cited the prevalent average inflation rate i.e. WPI as the logic behind the same.
- 3) Further Celebi highlighted that the proposed increase of 8% will be only for the period of 6 months (Oct'13 – Mar'14) and so will have a net impact of only 4% in the current fiscal year, and this is a justified increase considering the amount of improvements done and rising costs. Celebi also mentioned that in 2012, after almost 7 years of constant tariffs, Celebi had applied a prospective increase of charges that too applicable from Aug'12 onwards.
- 4) Celebi made a presentation demonstrating highlights of the upgraded terminal and explained about various improvements in infrastructure and operational processes e.g. installation of TLX machines and start of export/import "expedited delivery" to benefit the trade.
- 5) Celebi also briefed about its upcoming 'New Pharma Logistics Centre'. ACAA I appreciated the same with some concerns, which Celebi agreed to look into based on a formal report available with Manager-CPC.

- 6) Celebi also explained their plan to place "cool dollies" to extend the cool chain to air side, which ACAAI appreciated and mentioned that the step would surely benefit the trade immensely in export of perishables.
- 7) Celebi also pointed out that due to the massive renovation carried out in the terminal and large amount of investments incurred, the cost has shot up by huge margins.
- 8) Celebi further shared its own as well as DIAL's cargo volume projections for the year 2013-14 and mentioned that decreasing volumes have eroded margins. Market is sluggish and further volatile currency fluctuation is affecting imports adversely which is the major revenue contributor. Moreover, given the prevailing market scenario, Celebi does not envisage any increase in volumes in near future and the normal volume increase is not sufficient to recover costs.
- 9) Celebi also added that by virtue of being a labour intensive service company, its cost is heavily dependent on inflation indices like CPI & WPI, whose increase immediately hikes payroll expenses. All operating costs, including electricity rates have increased sharply this year. So even with the proposed WPI linked tariff increase, Celebi's projected revenue would fall short of the AERA approved Aggregate Revenue Requirement (ARR) projections and Celebi do not expect any profitability.
- 10) ACAAI argued that Celebi should focus on services which can attract further tonnages instead of raising tariffs and apprehended that exporters would shift to other stations.
- 11) In reply to the same Celebi cited examples of recently launched Air Freight Stations and Road Feeder Services which are attracting additional tonnage to New Delhi due to significant cost advantage and seamless operations.
- 12) Celebi explained that it cannot reduce its captive cost such as rent, interest, manpower, electricity and other trade facilitation expenses. And with a capital expenditure of Rs 260 crores by Celebi on building infrastructure upgrade and new equipment & machinery, the trade already has started benefitting from improved facilities & more efficient service levels, which will get even better in the future.
- 13) On a query about the expenses, Celebi indicated that the rent for the facility also goes up by 7.5% annually. All these factors are adding pressure on margins, which are already compressed
- 14) ACAAI further insisted Celebi to focus more on faster clearance with better liaison with regulatory authorities to which Celebi mentioned that they are already holding healthy interactions with the authorities and now Celebi is in the process of appointing a Regulatory Affairs Manager for better facilitation, which ACAAI appreciated.
- 15) ACAAI also queried about the possibility of X-Ray screening of built-up pallets for Export to which Celebi replied that the installation of such X-Ray machines had not been approved by BCAS earlier.
- 16) ACAAI also questioned the Demurrage charging principle for Imports having 72 hours of free period. They mentioned that Celebi charges from the point of touch down of cargo whereas the competitor starts charging demurrage from the time cargo is made available to the consignee. Also ACAAI requested reconsideration about demurrage on 2<sup>nd</sup> Saturday, long weekends and Holidays.  
Celebi clarified that the demurrage free periods and charging principles are as per government directives. However Celebi will take this up with the airport operator to discuss any possibility of change.
- 17) Further there were discussions on 24X7 Customs clearance to which ACAAI mentioned that

they have to incur additional cost due to deployment of manpower at night. Celebi mentioned that the same has been applicable as per mandate by Customs.

- 18) ACAAI appreciated Celebi's initiatives and investments in terms of infrastructure, but at the same time wanted further operational improvements, especially faster clearance of cargo
- 19) Finally ACAAI requested Celebi to reconsider their decision for proposed increase in charges

Concluding Comments: The meeting was a fruitful discussion, where CELEBI explained the rationale behind the proposed increase in tariff along with a detailed demonstration of improvements made in infrastructure & processes, and also its future initiatives. ACAAI appreciated the infrastructural developments in the terminal with a hope of further operational improvements and faster clearance. Though finally ACAAI was made to understand the logic behind Celebi's proposed increase in rates supported with the details about huge investments incurred, ACAAI still requested for a reconsideration on the proposed increase

### Introduction

The meeting was held to discuss the proposed rate structure for cargo handling services provided by Celebi

Following are the points discussed during the meeting:

- 1) Celebi explained the basic purpose of the meeting and its plan to file with AERA, a proposed increase of 8% in cargo handling tariff with effect from 1<sup>st</sup> October 2013.
- 2) DCCAA questioned the logic behind Celebi’s proposed increase of 8% to which Celebi cited the prevalent average inflation rate i.e. WPI as the logic behind the same.
- 3) Further Celebi highlighted that the proposed increase of 8% will be only for the period of 6 months (Oct’ 13 – Mar’ 14) and so will have a net impact of only 4% in the current fiscal year, and this is a justified increase considering the amount of improvements done and rising operating costs. Celebi also mentioned that in 2012, after almost 7 years of constant tariffs, Celebi had applied a prospective increase of charges that too applicable from Aug’ 12 onwards.
- 4) Celebi also pointed out that due to the massive renovation carried out in the terminal, large amount of investments has been incurred to facilitate the trade for smooth business operation
- 5) Celebi added that the recent hike in fuel, electricity prices which are evident along with the rising inflation rate has immediately hiked all our operating costs. So even with the proposed inflation linked tariff increase, Celebi’s projected revenue would fall short of the AERA approved Aggregate Revenue Requirement (ARR) projections and Celebi does not expect any profitability this year.
- 6) Celebi explained that it cannot reduce its captive cost such as rent, interest, manpower, electricity and other trade facilitation expenses. And with a capital expenditure of over Rs 260 crores by Celebi on building infrastructure upgrade and new equipment & machinery, the

trade already has started benefitting from improved facilities & more efficient service levels, which will get even better in the future.

- 7) Celebi mentioned that market is sluggish and further volatile currency fluctuation is affecting business adversely. Moreover, given the prevailing market scenario, the expected revenue increase is not sufficient to recover costs.
- 8) DCCAA also discussed some operational points to which Celebi responded to discuss and resolve the issues if found legitimate.
- 9) DCCAA appreciated Celebi's initiatives and investments in terms of infrastructure, but at the same time wanted further operational improvements, especially faster clearance of cargo & throughput
- 10) Finally DCCAA requested Celebi to reconsider their decision for proposed increase in charges

Concluding Comments: The meeting was a fruitful discussion, where CELEBI explained the rationale behind the proposed increase in tariff along with a detailed demonstration of improvements made in equipment, infrastructure & processes, and also its future initiatives. DCCAA appreciated the infrastructural developments in the terminal with a hope of further operational improvements and faster clearance.

<b>Meeting</b>	User Consultation & Interaction Meeting with DCCAA & ACAA on Proposed Tariff Structure of Celebi Delhi Cargo Terminal Management India Pvt Ltd (:“Celebi”)			
	<b>Date</b>	06 <sup>th</sup> August, 2013	<b>Place</b>	VC Room, First Floor, Import Building II, Celebi Delhi Cargo Terminal, IGI Airport, New Delhi
<b>Attendants</b>	Mr. Mahesh Trikha		ACAAI

### Introduction

The meeting was held to discuss the proposed rate structure for cargo handling services provided by Celebi

Following are the points discussed during the meeting:

- 1) DCCAA & ACAA discussed regarding the re-consideration of Celebi's proposed increase of 8%, to which Celebi replied that it is difficult to re-consider proposed increase as the same has been proposed after considering the significant investments and developments done by Celebi to modernize the facility and upgrade the level of services and processes as per our Customers' expectations.
- 2) Celebi also pointed out that the escalation in the operating cost due to the steep inflation is also one of the reasons for the proposed increase in tariff.
- 3) Once again Celebi mentioned that the proposed tariff will have a net impact of only 4% in the current fiscal year as 8% increase will only be effective for 6 months (Oct '13 – Mar '14).

Concluding Comments:

✓ Celebi strongly backed its statements regarding proposed increase in tariff and described in details the investments made and modernization done which DCCAA/ACAAI appreciated. Though ACAAI & DCCAA reiterated their request for reconsideration on increase in charges, however the meeting ended on a positive wherein the involved parties understood each other's concern and point of view.
