Subject: Stakeholder Comments to CP 33 / 2021-22 dated 23rd Feb 2022 in the matter of determination of aeronautical tariff for M/s Indian Oil Skytanking Delhi Pvt Ltd (IOSDPL) for providing into plane services (ITP) at IGI Airport, Delhi for the 3rd Control Period (01.04.2021 to 31.03.2026).

Dear Sir,

With reference to the consultation paper 33/2021-22, we would like to submit our comments as stated below:

1. There are two ITP Service providers at Indira Gandhi International Airport, Delhi that is BSSDPL (Bharat Star Services Delhi Pvt Ltd) & IOSDPL (Indian Oil Skytanking Delhi Pvt Ltd.), hence ITP services at Delhi Airport should continue to be deemed as 'Competitive'.

It is also requested that the Tariff determination for the 3rd control period may continue under 'Light Touch Approach'.

2. The two Consultation papers floated viz CP 32 / 2021-22 & CP 33 / 2021-22 both dated 23rd Feb 2022 in the matter of determination of aeronautical tariff for M/s Indian Oil Sky Tanking Delhi Pvt Ltd (IOSDPL) and M/s Bharat Stars services Delhi Pvt Ltd (BSSDPL) respectively for providing into plane services (ITP) at IGI Airport Delhi for the 3rd control period (FY 2021-22 to FY 2025-26) proposes different tariff for IOSDPL & BSSDPL in all the years.

Since the level of service is same & both ITP service providers necessarily need to follow the same parameter of Safety and Quality at the time of execution of work and there are well defined service parameters benchmarked to international standards, the ITP Tariffs may be kept at par for both the service providers at IGI Airport, Delhi.

Best Regards,

(Pulkit Mathur)
