Sub: Comments on consultation Paper No. 31/2017-18 dated 22.12.2017: Determination of Aeronautical tariffs in respect of Chaudhary Charan Singh International Airport, Amausi, Lucknow (CCSIA) for the second Control Period (01.04.2016 – 31.03.2021)

Respected Sir/Madam,

This has reference to the subject Consultation Paper on determination of Fuel Throughput Charges (FTC) (Aeronautical Tariffs) in respect of Lucknow International airport for period 01.04.2016 to 31.03.2021.

The fuel throughput charges proposed are:-

	Tariff Proposed by AERA				
	2016-17	2017-18*	2018-19	2019-20	2020-21
FTC	361.80	380.00*	399.00	419.00	439.90

*The 2017-18, existing tariffs are applicable till 31.01.2018 and revised tariffs are applicable from 01.02.2018.

We would like to submit that Fuel Throughput charges at similar airport like Jaipur, Trivandrum and FTC proposed at Guwahati Airport etc operated by the same operator is much lower than the throughput charges proposed at Lucknow airport and hence requires rationalisation and brought down to a similar level.

We would also request you that revision in the throughput charges if any may only be done on prospective basis.

Thanking you,

21/1/18
AAI Lucknow

Yours faithfully
For Indian Oil Corporation Ltd

Krishna Prakash
Dy. General Manager (Aviation)
