Dear Sir,

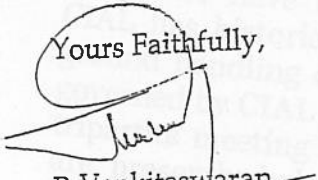

Sub: Consultation Paper No 25/2011-12 dtd 4<sup>th</sup> October 2011 Reg:

This has reference to AERA letter No AERA/20010/MYTP-BWFS/CIAL./2011-12/1538 dtd 4<sup>th</sup> October 2011 seeking comments on Consultation Paper No 25/2011-12 dtd 4<sup>th</sup> October 2011. Cochin International Airport Limited supports the decision of AERA to adopt Light Touch approach in the case of Multi Year Tariff Proposal submitted by M/s Bird Worldwide-Flight Services (India) Private Limited for Ground Handling services provided at Cochin International airport for the reason that Ground Handling activities at Cochin International Airport is material but competitive.

Reference is also invited to Para 3(i) of the mentioned consultation paper wherein the name of the second Third Party Ground Handling Service provider at Cochin International Airport is wrongly indicated as Air India SATS Airport Services Pvt Ltd instead of Air India, which may be corrected at your end.

Thanking You,

Yours Faithfully,
