23/April/2015

Sub: - Response to the Consultation Paper No. 2/2015-16 dated 7th April, 2015 (CP) , for Multi Year Tariff Proposal and Annual Tariff Proposal for the 5th Tariff Year in respect of Concor for providing International Cargo Handling services at MAIPL, Mumbai.

Ref: Consultation Paper No. 2/2015-16 dated 7th April, 2015

Sir,

This has reference to the aforementioned subject; we are pleased to give our views on the proposed paper for the kind consideration of AERA.

We would like to congratulate MIAL for a remarkable improvement in the service levels and infrastructure developments that have taken place at CSIA in the last 4 years.

Mumbai being Gateway Airport & being Financial Capital of India, handling efficiency at MAIPL has been one of the highest compared to any other major airports in India.

In last couple years, we have seen increase in number of representative of Automotive, Healthcare, Consumer & Retail, Engineering, Industrial visiting Mumbai airport and have given their suggestion that if India can make State of the Art International Airports, they why they cannot build world class Cargo Handling Facility.

Currently the charges for cargo handling at MAIPL, Mumbai are amongst the lowest at major airports in India.

Mumbai Airport which is world's busiest airport, reduction in turnaround time was a difficult task; inspite of this MAIPL was able to remove the operational challenges. Considering there was no increase in airport cargo handling charges for the last 10 years, it is imperative that charges are revised now. We whole heartedly support the proposed increase of 15% which is nominal.

We request Authority to approve the Annual Tariff Proposal for international cargo facility services for CSIA, Mumbai which everyone is waiting to happen.

Thanking you,
for CEVA Freight India Private Limited,

Dhairyasheel Nalavade
General Manager – Western India
