Sub: - Response to the Consultation Paper No. 2/2015-16 dated 7th April, 2015 (CP) , for Multi Year Tariff Proposal (MYTP) and Annual Tariff Proposal (ATP) for the 5th Tariff Year in respect of Concor Air Limited for providing International Cargo Handling services at CSI Airport, Mumbai

Ref: Consultation Paper No. 2/2015-16 dated 7th April, 2015

Sir,

This is in Response to the above referred CP for Multi Year Tariff Proposal (MYTP) and Annual Tariff Proposal (ATP) for the 5th Tariff Year in respect of Concor Air Limited (CAL) for providing International Cargo Handling services at CSI Airport, Mumbai.

We are pleased to give our comments enunciating our views on the proposed paper for the kind consideration of AERA.

At the outset we would like to congratulate CAL /MIAL for a remarkable improvement in the service levels and infrastructure developments that have taken place at CSIA in the last 4 years.

The operational efficiency at CSIA has been one of the highest compared to any other major airport in India.

Currently the charges for cargo handling at CSIA , Mumbai are amongst the lowest at major airports in India.

As CSIA is highly constrained airport, reduction in dwell time was a difficult task, inspite of this CAL was able to remove the operational bottlenecks. Considering there was no increase in airport cargo handling charges for the last 10 years, it is imperative that charges are revised now. We whole heartedly support the proposed increase of 15% as it is absolutely necessary in light of significant increase in various costs. Rather, inflation and minimum wages has increased many folds in the same period and the hike requested is just 15% over a span of 10 years.

We request Authority to approve the Annual Tariff Proposal (ATP) for international cargo facility services for CSIA, Mumbai.

Thanking you,
Yours faithfully,

Agustinho G. Fernandes
