Safdarjung Airport, New Delhi-110003

Date: 4<sup>th</sup> Oct 2019

Subject: Comments on CP 08 / 2019-20 dated 10th September 2019 Annual Tariff Proposal for the second control period for Bharath Start Services Private limited (BSSPL) in providing Into Plane Services at Bangalore International Airport (BIAL)

Dear Sir,

With reference to the consultation paper 08/2019-20, Shell MRPL submits its comments for the due consideration of the authority.

Shell MRPL is a supplier of Aviation Fuel at Bangalore International Airport to leading airlines and general aviation customers. To deliver the aviation fuel to the airlines, SMRPL uses the services of both IOSL and BSSPL.

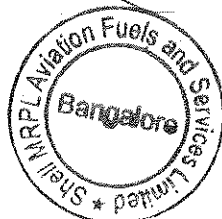

1. Currently the tariffs for both ITP operators at the airport is the same and SMRPL would like for this practice of non-discrimination based on pricing to continue in the best interests of its end users. In this respect BSSPL tariff may be brought to the level of IOSL as mentioned in consultation paper 06/2019-20
2. Any tariff order should be implemented only on prospective basis.

Best Regards,

S. Chockalingam

Chief Financial Officer
