

Federation of Freight Forwarders' Associations in India

National Apex Body of CUSTOMS BROKERS' ASSOCIATIONS IN INDIA

FFFAI/AERA/392/2022

04.11.2022

The Chairperson,
Airport Economic Regulatory Authority of India,
AERA Building, New Administrative Block,
Safdarjung Airport.
New Delhi-110003.

Dear Sir,

Sub: Comment on CP No. 10/2022-23 dated 20-10-2022

We hereby would like to insert our comment/quarries in response to CP No. 10/2022-23 dated 20-10-2022 published by AERA on 31 Oct 2022.

1. Under Appendix B (1) and Appendix B (2) Serial no E and 5 respectively - Type of charges mentioned as "Handling of Shippers built ULD" and Rate per KG is "50% of applicable Handling Charges". There is no mention of AFS Built up Pallet Cargo rate. We suggest the Type of Charges should be mentioned as "Handling of AFS Built & Shippers built ULD".
2. We find the escalation in overall cargo handling rates in the Third control period (FY-2022-2026 for SVPIA) as proposed by Ahmedabad International Airport Limited. We should also synchronize the cargo industries and the business volume which is not doing well for last few years. We suggest this escalation is not justified.

Kindly consider these points as suggested by our association while finalizing the Tariff for Third Control Period.

Thanking you,

Yours truly,

For Federation of Freight Forwarders' Associations in India

Shankar Shinde

Chairman
