Dear Sir,

I have submitted my verbal comments on the day of meeting at the AERA office to the chairperson, which I would like to reiterate as below :

" HPC is not currently providing its services at Indore Airport but would certainly like to do so in the future. Given that Indore Airport is growing at a decent rate, with nearly 6 million passengers expected by 2026-27, AAI should

plan to implement an Open Access facility not only at Indore but at all major airports showing potential for growth. An Open Access facility would allow more suppliers, fostering competitiveness among ATF suppliers."

Thanks & Regards ,
